For All Your **Moving Needs**

Affordable Local & Long-Distance Services

MOVING INC.

Whether you need full-service home or office moving assistance or require us to help with moving large items, Sokol Moving is here for you. All our movers are highly trained, and we do not sub-contract any of our work.

Below we would like to list our average rates; please keep in mind that each estimate's price will vary depending on your specific conditions and circumstances.

Your moving quote includes a full-service move (loading, transportation, unloading and furniture placement upon delivery) with uniformed, trained movers and based on two fees:

Truck fee: this fee covers the time and gas it takes for our crew to travel from our yard to the origin of your move (place of loading) and from the destination (place of unloading) back to our yard. The truck fee also includes tools and equipment, protective moving blankets and pads, shrink wrap, and runners to protect your floor.

Hourly rate: this fee covers the time it will take for our crew to get the job done. The clock starts to count upon arrival to your current place and stops when the truck is empty at your new residence. You are paying for the actual moving time that our professionals spend on your move.

Note*

Please note that the presented prices are a preliminary calculation of the cost, which cannot be considered final due to certain nuances regarding the route of transport, the specifics, and the move's distance. For an accurate calculation of the cost, you should call 647-676-7161 or order a call from our knowledgeable specialist. You can also reach us at info@sokolmoving.ca. Thank you for understanding!

Note**

- The minimum charge is 3 hours + a one-time truck fee (+ additional hours if applicable)
- An extra fee might apply for heavy or unusual items such as appliances, exercise equipment, piano, marble top tables, any one piece of furniture over 100 lbs, etc.
- An extra fee might apply if the walking distance exceeds 50 meters (for example, distance from the unit to the elevator or from the elevator to the loading zone/truck)

- Should the move happen within the same building from one unit to another, the transportation fee of a flat \$100 apply instead of the truck fee
- Its client's responsibility is to ensure that the service elevator is booked (except for the building where there is no elevator present). In this case, a stairs surcharge might apply.
- Any 3-4 story houses with narrow staircases might result in an additional fee.
During the wintertime, the snow must be shovelled off the driveway. Make sure your porch stairs are well-cleaned and salted or sanded. Any sidewalks associated with the moving area, such as your front or back yard, has to be cleaned and salted for safety purposes. We thank you for your co-operation!
